

# Brief Curriculum Vitae

## George Magoufis MD PhD

### Name and Title

George Magoufis MD PhD

Assistant Professor of Interventional Neuroradiology

### Specialty

Diagnostic and Interventional Neuroradiology

### Place of Work and Position

1. Assistant Professor of Interventional Neuroradiology, National and Kapodistrian University of Athens, B Laboratory of Radiology, Attikon University Hospital
2. Head of the Department of Interventional Neuroradiology, Metropolitan Hospital

### Education

1. Doctor of Philosophy, Medical School of the National and Kapodistrian University of Athens.  
Doctoral thesis topic "**Treatment of Wide Neck Intracranial Aneurysms with Endovascular Access**".  
July 2005, Degree: "Excellent"
2. Postgraduate training as a Specialist at the University Hospital "Bicêtre Hospital", Paris, (Director Professor Pierre Lasjaunias. (10/1996 - 10/1997), in the whole range of Interventional Neuroradiology.
3. Participation in several International Diagnostic Courses IDKD "International Diagnostic Courses in Davos. Excellence in Teaching"
4. Participation in European Stroke Organization Stroke Summer School 2025, Athens, Greece

### Professional Experience

1. Head of the Department of Computed Tomography, Radiology Laboratory of the Athens Naval Hospital (October 1997 - January 2007)
2. Scientific Director and Head of the Department of Interventional Neuroradiology of Athens Medical Center private Hospital (1997-2002)
3. Scientific Director and Head of the Department of Interventional Neuroradiology of Henry Dunant private Hospital (2002-2006)
4. Scientific Director and Head of the Department of Interventional Neuroradiology of Metropolitan Hospital (1997-today)

5. Participation in the Comprehensive Stroke Unit of Metropolitan Hospital, formally accredited by the European Stroke Organisation (ESO), offering endovascular treatment in hemorrhagic and ischemic stroke patients, 24/7 coverage.

#### Publications / Research

As author's work, 77 full foreign language publications in peer-reviewed journals (published in Pubmed), Sum of impact factor: 394.3, (average: 5.4), Google Scholar: 1919 citations (1470 in the last 5 years), h-index 25.

The research project in collaboration with the 2nd Neurological Clinic of the National and Kapodistrian University of Athens, includes:

1. participation in primary research, with Greek data, in 5 (five) international multicenter studies with funded and non-funded research protocols and
2. participation in 21 systematic reviews and meta-analyses of randomized trial data on ischemic stroke

#### Scientific Interests

Academic expertise and high experience (thousands of interventions of highly complex cases since 1998) in the most advanced endovascular interventions for a range of neuro-vascular conditions:

- cerebral aneurysms,
- brain arteriovenous malformations (BAVMs) and dural arteriovenous fistulas (DAVFs),
- carotid and intracranial stenoses,
- spinal cord arteriovenous malformations and dural fistulas,
- pre-surgical embolization of brain and spinal tumors,
- venous stenting in idiopathic intracranial hypertension and pulsatile tinnitus,
- embolization of spinal CSF-venous fistulas in intracranial hypotension,
- middle meningeal artery embolization in chronic subdural hematomas.
- treatment of Vascular and Lymphatic Malformations of the Head and Neck, with Bleomycin sclerotherapy Electroporation (BEST)
- treatment of vascular diseases in newborns and children (such as arteriovenous malformations of the vein of Galen)

#### Honors and Awards

Since 2017, multiple Golden and Platinum "Angel Awards" for stroke care for providing excellence in stroke treatment.

Accreditation of Metropolitan Stroke Unit by the European Stroke Organisation (ESO) in 2017 and 2023.

#### Languages

English
